ERROR FREE SCANNING WITH INCREASED PRODUCTIVITY

- Easy Installation
- Train any employee in minutes
- Sized to Fit Between Sorting Rails
- Voice Prompts Notify Operator to Place Garment on Appropriate Hook

WAVE RFID STATION

Positek RFID created the Wave Station to replace manual sorting at double the speed with no mistakes.

As each article's RFID tag is scanned at the Wave Station, the operator is notified by a voice prompt and on the screen to place the article on the appropriate hook. Easy and Quick installation allows you to install the Wave Station without major retrofitting of your production flow.

Software is available to simplify integration to third party software and the product is fully integrated into Positek RFID's software suite.

Dimensions

Total Dimensions: 15"W x 44.1"H x 16"D

Weight

Total weight: 41.9 lbs
